## *Interface* FLOR®

Interface's products are designed for a wide range of commercial environments including corporate, healthcare, education, retail, hospitality and government. They continue to lead the industry in environmental achievement and the exploration of environmentally efficient products and processes. And they have committed to an impressive goal of achieving zero environmental footprint by 2020.

Interface's dedication to sustainability has evolved into the company's Mission Zero™ commitment — a promise to eliminate any negative impact Interface has on the environment by 2020. Click the video link for more information.
